> Subject: San Jacinto Model Transfer

>

> Hi Earl - we are sending out a hard drive tonight (for delivery to you on

> Monday) containing the files associated with the hydrodynamic and sediment

> transport models developed for the San Jacinto River Model Study Area. The

> attached memorandum briefly summarizes the model files that are included on

> the hard drive, and provides general instructions on how to execute the

> model simulations. Although it was our intent to send you the chemical

> fate and transport model along with the hydrodynamic and sediment transport

> models, we are still working on packaging up that model and will send it to

> you on a separate hard drive when ready. As discussed this should not hold

> you up since you had indicated you will begin your review with the

> hydrodynamic and sediment transport models.

>

>

>

> Please feel free to contact Kirk (hydrodynamics and sediment transport) or

> me/Kevin (fate) if you have any questions.
